If "Yes", you must fill out the Addendum to the Site Identification Form: Notification for Managing Hazardous Secondary Material.

Green Chip Inc. received two 55 gallon drums of crushed lamps which is unauthorized waste at the facility. In order to ship the material to an authorized downstream recycler (American Lamp Recyclers) Green Chip must obtain an EPA ID number and manifest the material. Green Chip did not physically crush the lamps, so is technically not the "generator" of the hazardous waste, but is merely obtaining the EPA ID number in order to properly recycle the material. Green Chip requests a 60 day to allow for proper disposal of the crushed lamps.
